Minor Injury Report

Instructions: Document any minor injuries (cuts, scrapes, bruises, bumps) that **do not** require medical attention. Describe how the injury happened, who witnessed the injury, where the injury took place, and what action was taken. The Minor Injury Report should be reported to your treatment coordinator **within 24 hours** of the injury. The report may be made by voicemail, email, or fax. If made by voicemail or email, attach this report to your next Youth Case Notes.
